

## Why has cruising become so popular?

Here are just a few of the reasons:

- The Price! Think about the multitude of land-based travel costs you will avoid...airfare, hotel expenses, taxes, car rental fees, meals, entertainment, and more. It's a slam dunk winner!
- The convenience. No dead time waiting in airport lines, no lost luggage, no need to scout around all over town for meal deals, no packing and unpacking, and the thrill of waking up in a new port each day.
- The level of service. Friendly, international staffers will treat you royally, serve you terrific meals, and entertain you with first-rate evening shows. Deliciously clean linen and towels every day.
- Safety and security.
- Casinos. Las Vegas quality gaming while in international waters. (But not in Hawaii)
- Activities. Do as much as you like, or just relax. Make use of well equipped fitness centers, pools, spas, salons, climbing walls, bowling alleys, skating rinks, and other amazing features. Enjoy professionally guided shore excursions.
- Meet new friends. The people you meet will become life-long acquaintances.
- Sun Tours Advantage Service. Besides finding the best deal for you, our cruise counselors will make sure you are comfortable and know what to expect on the cruise. They remove apprehension for first-time cruisers, and for veterans as well.
